

# How to get the most out of your Registrar Program

The Registrar Program serves as a crucial bridge between completing a postgraduate qualification in Clinical Psychology and achieving endorsement as a psychologist in a specific area of practice.

In this seminar, you will be informed of AHPRA requirements and provided with practical steps in selecting a supervisor, and developing a career & supervisory plan which aligns with your professional goals. Additionally, you will learn about the advantages & disadvantages of different employment contracts, and how to get the most out of supervision. A current Registrar will also share their own experience around some of the early emotional demands of engaging in such a program, along with helpful ways to navigate these challenges.

Overall, this seminar is designed to enable you to gain the most benefit from your Registrar experience and develop your career prospects.
